

Add & Subtract with Teen Numbers with Value Pak

Equation	Solve by drawing base ten blocks or model in a double ten frame
$13 = 10 + \square$	
$10 + 6 = \square$	
$17 = \square + 7$	
$10 + \square = 15$	
$2 = 10 - \square$	
$14 - 10 = \square$	
$\square = 18 - 10$	
$11 - \square = 1$
