The Wh Words

Wh words (and the word how) are used to ask questions. We use these words to help us when we are writing.

**where? what? when?
who? why?**

Words to Know

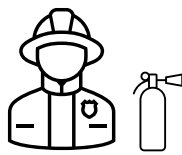

interview - to ask someone who is an expert on a topic, a series of questions to find out more information about them or their topic

Write It

There are many people who live and work in a community. Look at the pictures below. Circle the community helpers that you find in your community.

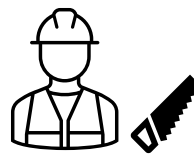

Farmer

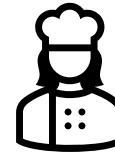

firefighter

doctor

construction
worker

chef

Choose a community helper that you would like to learn more about. Use the WH words and the word how to write interview questions for that person.

1. Where...

2. What...

3. When...

4. Who...

5. Why...

6. How...
