Extra Credit Episode 305: Women's History Month

Segments: Meet a Scientist - Caprice Phillips (Time in code 17:54)

THINK:

In this section, create a quick list of jobs or careers you frequently see female characters doing on shows/movies you watch.

PAIR-Part A:

Search the internet and find **four** images which show the jobs/careers women in the careers you and your partner both identified in your lists. Copy and paste each image in one of the boxes below.

Insert image #1 in the box below.

We are answering the questions about image #_____

1. Who created the message or story about the image/character you chose?
2. What techniques were used to get your attention? (Think about the use of color, camera framing, font type–if appropriate, lighting)
3. Whose story is included in the message? Whose story is left out?
4. How might different people interpret the image/message
5. Who gains profit or power from the message?

Be ready to SHARE your answers with the class.
