

ACTIVITY GUIDE

OBSERVATION AS RESEARCH

Read the lists of things Mr. Peterson observed while walking through the three different habitats at the Detroit River International Wildlife Refuge. Circle the things that are similar, or alike, between all three habitats. Then, write two sentences about these similarities, or likenesses.

Wetlands Habitat

- ducks
- egrets
- turtles
- swamp milkweed
- purple loosestrife
- insects
- dead trees

Forest Habitat

- tussock moth caterpillar
- milkweed
- poke weed
- poison ivy (dangerous)
- centipede
- blue jay
- dead trees

Prairie Habitat

- goldfinches
- common milkweed
- Monarch Butterfly
- bees
