

# ATHLETIC TURF MANAGER

## ACTIVITY GUIDE

### EPISODE 121: OUR RICH LAND

We can read a text or listen to/watch media to gain more information about a topic. One way to keep track of what we are learning is by thinking about what we already know about a topic. We then ask questions about the topic and answer those questions while reflecting on what we learned from text or media. A KWL chart can help us track our learning about a topic.

Consider a topic that you are learning about. Fill out the K and W in the chart. Then seek out a source of information to do more learning about your topic so you can fill in the L column.

K	W	L
<b>Know</b> What do I already know about the topic?	<b>Want to Know</b> What do I want to know about the topic?	<b>Learned</b> What did I learn about the topic?
